Cole Supplies is a proudly Indigenous owned Australian wholesaler, trusted by the country's leading brands and businesses to deliver quality health and safety supplies. With a proven track record of giving back to the community, and sustainability at the forefront of our business, Cole Supplies is focused on making a difference.

Product code: ICECOLD

IceCOLD® is a revolutionary breakthrough synthetic solution which is added to your HVAC or refrigeration system's refrigerant. Your system will ultimately run less because the HVAC unit reaches the thermostat set-point faster and maintains the temperature more efficiently.

This can extend the air conditioning system's life and reduce maintenance. There are many applications for residential, commercial, industrial and automotive sectors.

- Office buildings
- Schools
- Universities
- Hospitals
- Apartment buildings
- Data centres
- Airports
- Restaurants
- Supermarkets
- Shopping centres and more

Features

- Cutting Edge Green Technology
- IceCOLD® is a unique, award-winning technology.
- Exclusive Australia/NZ Distributor
- Trade secret protected formula not available anywhere else

Benefits:

- Removes and eliminates oil fouling
- Typical yield paybacks of less than 12 cooling months
- Reduces HVAC energy consumption by on average 15-20%, or more
- Delivers colder vent air faster
- Reduces equipment maintenance costs
- Reduces compressor noise
- Extends equipment life, because the equipment runs less.
- The most cost-effective way to restore lost system SEER (seasonal energy efficient ratio) performance
- One time install, lasts the lifetime of the compressor
- Fast ROI and ongoing savings
